100 kVA FG Wilson P110-3

New / unused diesel generator | Open

Actual equipment photograph

EQUIPMENT DETAILS

Stock reference	**DGB-033**
Prime output	**100 kVA / 80 kW**
Standby output	**110 kVA / 88 kW (nameplate)**
Engine	**Perkins 1104C-44TAG2**
Alternator	**FG Wilson PEP40 (nameplate)**
Year	**2024**
Recorded hours	**New / unused - reading not supplied**
Condition	**New / unused**

New and unused 2024 FG Wilson P110-3 open diesel generator, powered by a Perkins 1104C-44TAG2 engine. The generator nameplate confirms 100 kVA prime / 110 kVA standby at 400/230 V, 50 Hz. Skid-mounted and radiator-cooled, complete with a base fuel tank, mounted control panel and circuit breaker. A measured running-hours figure has not been supplied.

Stock information dated 20 November 2026. Availability and final specification are subject to confirmation. See the verification note on page 2 before ordering.

Technical specification

DGB-033 | 100 kVA FG Wilson P110-3

Set model	**FG Wilson P110-3**
Prime output	**100 kVA / 80 kW**
Standby output	**110 kVA / 88 kW (nameplate)**
Engine model	**Perkins 1104C-44TAG2**
Alternator model	**FG Wilson PEP40 (nameplate)**
Frequency	**50 Hz**
Speed	**1,500 rpm**
Voltage	**400/230 V**
Phase	**Three phase**
Condition	**New / unused**
Cooling	**Radiator cooled**
Fuel tank	**Base fuel tank**
Control panel	**Mounted control panel**
Circuit breaker	**Included**
Dimensions (L x W x H)	**1,980 x 890 x 1,324 mm (nameplate)**
Mass	**962 kg (nameplate)**

SPECIFICATION TO CONFIRM

The alternator nameplate identifies FG Wilson PEP40; the supplied email and datasheet refer to FGL30040. Confirm the alternator specification before ordering.

ENQUIRE ABOUT THIS GENERATOR

Quote DGB-033 to confirm availability, condition, preparation, testing and included accessories. Collection, UK delivery and export arrangements can be discussed with our team.
